Date of issuance ……

Justice Leiper

By Order dated October 23, 2026, the Ontario Superior Court of Justice has approved a discontinuance of a proposed class proceeding (CV-26-00002077-0000) related to investment losses from fraudulent investment advertising on Google and Meta platforms (the "**Prior Action**"). The discontinuance is effective as of October 23, 2026.

Claims against Meta continue in another action (CV-26-00014979-0000) (the "**New Action**") for the following individuals:

> All persons in Canada who suffered a financial loss between 2023 to the present due to the loss of value of either a stock (including those listed in Schedule "A"), or a cryptocurrency-related financial product, which they invested in after responding to an advertisement on Facebook or Instagram that:
>
> (i) falsely claimed to represent, or speak in the voice of, an established person, business or entity; or
>
> (ii) related to, either in the body of the ad or on the landing page:
>
> - returns within a short period of time;
> - high rates of return; or
> - returns that were guaranteed or risk-free.

The Prior Action is now concluded and will not proceed to a certification motion or trial. As this action has not yet been certified as a class proceeding, this discontinuance will not affect the rights of members of the proposed class to pursue the same claims on their own.

By virtue of s. 28(1) of the *Class Proceedings Act*, limitation periods were suspended in favour of members of the proposed class in the Prior Action. For individuals who are not members of the New Action, those limitation periods will commence running again from October 23, 2026. Members of the proposed class in the Prior Action still wishing to pursue legal proceedings concerning the allegations in this lawsuit should seek legal advice as soon as possible.
